Council Plans for Caring for Wounded Soldiers.

IMPORTANT FEATURE OF DUTY IN CONFLICT

The Health-Guarding Forces Are Also at Work.

County and Municipal Doctors and Nurses Being Organized to Meet Problems Arising in Health of the State.

Columbus, O., July 20.—The Ohio war council is preparing to provide proper care for Ohio soldiers who are brought back wounded from the fighting line in France. The council also is planning to give immediate medical attention to those hurt while employed in munitions factories and performing other tasks in connection with the war.

The state will mobilize its health-guarding forces for the work. State county and municipal associations of doctors and nurses will be called upon to cooperate. The work will be started as soon as Governor Cox appoints the state health commissioner, a move expected within a few days.

Dr. Wm. Wright is acting as acting secretary of the state council, then proposes to take up with the commissioner this work.

As a war measure all precautions are to be taken to safeguard the civilian population from outbreaks of influenza, or other contagious diseases, by the influx of laborers from other sections of the country.

An Ohio man probably will be appointed by the federal government to supervise the health, recreational and educational work at the Chillicothe army camp.

Dr. Wm. Wright is now collecting data relative to the work being accomplished and that proposed by the various county and municipal war sanitaries.

On the other hand, it is believed that the federal government will have a representative from the county and municipal organizations consulting more readily with the state council concerning projects initiated by the local organizations.

ISLAND OF THASOS RESTORED TO GREEKS

London, July 20.—The island of Thasos, which was taken over by the Entente, has been restored to Greece, said an Athens dispatch in the Daily News today.

The island, which covers an area of four miles south of the coast of Thrace, contains about 150 square miles of territory and has a population of 12,000, mostly Greeks.

SHIP, KANSAN, IS MISSING

First Details of Sinking Reach United States.

NEWS IS RECEIVED FROM FRENCH PORT

The Vessel Strikes Mine. Early in the Morning.

Sends Out Wireless Calls for Assistance and French and American Patrol Boats Go to the Kansas's Aid.

Paris, July 20.—The first details of the sinking of the United States steamer Kansas were received here today, from the French port to which she was bound.

Early on the morning of the 19th, the Kansas, sent out wireless calls for help, saying she had struck a mine and was sinking.

French and American patrol boats were rushed to her assistance.

The proximity of the vessel to land is inevitable. It is not clear whether the patrol boats had time to get to the Kansas before she was sunk.

It had previously been reported that the Kansas had been presumed lost, but that the vessel was formerly owned by the Pacific Mail line, but was acting as a supply ship.

Three Ships Are of More Than 1,600 Tons.

Paris, July 20.—Five French vessels—three of them more than 1,000 tons in size and two less than 1,000 tons—were sunk by submarines during the past week, the admiralty announced today.

IS NOW READY TO TALK PEACE

Reichstag Adopts Resolution for Peace.

NO INDEMNITIES OR ANNEXATIONS

Asked in Resolution Carried by Liberals.

Break Between Kaiser, Crown Prince, Von Hindenburg, and Liberals Is Now Complete.

Declaration for Peace.

Zurich, July 20.—The break between the liberal faction in Germany and the military caste as represented by the Kaiser, the crown prince and von Hindenburg is now complete.

Advocates of peace terms without annexations and indemnities were adopted by the Reichstag yesterday, by a vote of 214 to 116.

Chancellor Michaelis was quoted in his Reichstag speech as saying that the Germans patiently until the allies announce their readiness to enter into peace negotiations with the allies.

"The territory of the Fatherland is indivisible. We can not parley with enemies that demand part of our empire. Our frontiers must be made secure for all time.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Coconut oil soap and prepared shampoo contain too much alkali. This dries the scalp, makes the hair brittle and is very bad for the hair.

Simply moisten your hair with water and rub it in. One of two tablespoons will give an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly.

TERRIBLY SICK WOMAN

Madison, Wis.—"I was a terribly sick woman for over three years. I suffered with terrible pain in my back and was about to have an operation when a friend said to me, 'Try Lydia E. Pinkham's Vegetable Compound.' So I let the operation wait and bought the Vegetable Compound. It has done me a well woman and I have a lovely baby girl. We cannot praise Lydia E. Pinkham's Vegetable Compound enough, and I hope this letter will help other women in my predicament."—Mrs. BENJAMIN F. BLAKE, 212 D. No. 3, Box 22, Madison, Wis.
